\*Credit may only be applied to properties that have not been "notified" or, that connect within 12 months of notification that a line is "available" to the property. A \$500.00 credit will be applied to each increment of 3 E.C.'s.

\*Should the # of toilets exceed the # of E.C.'s calculated from the above formulas, the connection fee will be based on # of toilets (whichever is greater).

\*\*\*Projects with Developer Agreements will not be affected by these rates, unless additional toilets/E.C.'s not covered under Developer Agreements are required. Refer to Developer Agreement for proper charges.

The above rates are provided in a summarized format for convenience; however, District rates, fees & charges are established by Rule 31-10 of the District and can be made available upon request and reproduction costs.
